3.7. Cross-border section

This section aims at verifying whether or not any section of the proposed Action corresponds to the definition of cross-border sections¹.

- A. Does the Action require actions/construction works on both sides of the borders between two Member States? Yes No

¹

http://ec.europa.eu/dgs/energy_transport/grants/doc/2008/ten_t/common/definition_cross_border_sections_en.pdf

If yes, indicate which Member States are directly concerned and which activities each of them will be carrying out.

B. Does the Action ensure, via a third country, continuity of a priority action between two Member States? Yes No

If yes, indicate which Member States and third country are directly concerned and which activities each of them will be carrying out.

C. Is the Action located on the territory or largely on the territory of a single Member State in the proximity of the border but not actually crossing it, and is this Action necessary to link the network to the neighbouring Member State or a third country? Yes No

If yes, provide justification for classifying the Action (or part of the Action) as cross-border and explain which activities the Member State(s) will be carrying out.

D. Has a written agreement been concluded between the Member States concerned or between the Member States and third countries concerned relating to the completion of the cross border section, in accordance with Article 3.3 of the TEN Regulation? Yes No

If yes, describe the main elements of this agreement and attach a copy of it in annex.

E. Have the Member States concerned made a joint commitment regarding the action, i.e. (a) concluded a formal written agreement at appropriate level, (b) agreed a common financial plan or coordinated financial plans, (c) agreed on a common timetable for studies and works, including a coordinated date of opening to service, (d) agreed on how the Member States concerned coordinate their procedures for assessing environmental effects and socio-economic effects thereof, and how they use their best endeavours to conduct a trans-national enquiry prior to the granting of the building permit? Yes No

Clarify and detail as appropriate, and attach copies of the related documents

F. Have the Member States (and potentially third countries) concerned created a common, technically and financially indivisible structure for the implementation of the action? Yes No

If Yes, explain the role and legal status of this structure, and attach the relevant legally binding agreement(s).

G. Provide information on the financial viability of the cross-border action and on the timetable for carrying it out. Explain which guarantees are issued - preferably jointly - by the Member State(s) to ensure this viability and the timetable. This applies also if the applicant is not a Member State. Attach these guarantees in annex. Yes
 No

H. Have the Member States concerned already notified to the Commission that this Action has been identified as a cross-border section, in accordance with Article 19 b of the TEN-T Guidelines? Yes
 No

If Yes, attach in annex the related document. If No: shall this application for EC financial support at the maximum rate of 30 % be considered as a notification of the Action as a cross-border section?
